

SOUTH CAROLINA
CANCER ALLIANCE

TOGETHER

WE CAN REDUCE THE IMPACT OF CANCER IN SOUTH CAROLINA

THE ALLIANCE

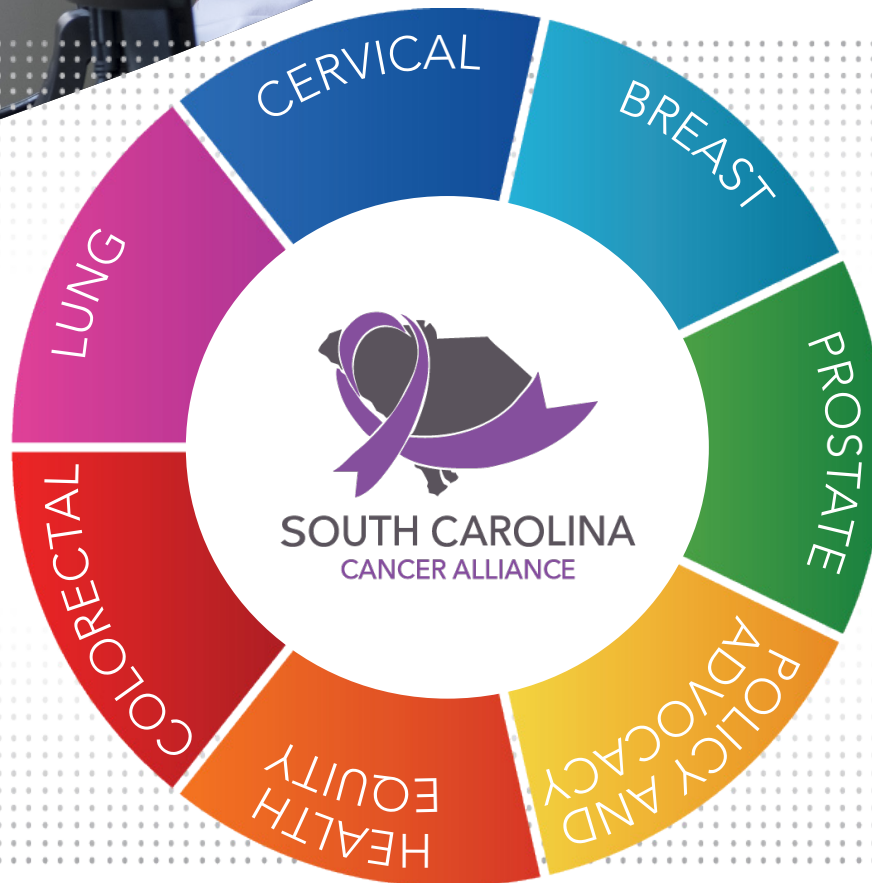

Since 2003, the South Carolina Cancer Alliance has been dedicated to the prevention and early detection of cancer, as well as improving the treatment of those affected by this disease.

The Alliance consists of over **800 members** who represent the state's medical community, academic institutions, nonprofit organizations, and various community groups.

Every five years, our members work together to develop the **five-year South Carolina Cancer Plan**. This plan serves as the official road map in the fight against cancer in our state.

We have workgroups in place that are responsible for developing, implementing, and evaluating specific projects

THE MEMBERS

of The Alliance are divided into workgroups. These workgroups are responsible for developing, implementing, and evaluating specific projects comprised in the cancer plan.

Currently, the Alliance is made up of **7 workgroups** that address breast, cervical, colon, prostate, and lung cancer, policy and advocacy, and health equity.

The Alliance then provides annual funding opportunities to these workgroups to implement their section of the state cancer plan.

Public Education

Recently, the Alliance created a library of South Carolina specific cancer information for individuals, patients, caregivers, and health care providers. We also provide funding opportunities to various workgroups who assist them in implementing the objectives and strategies outlined in the five-year cancer plan.

Special thanks to South Carolina Department of Health and Environmental Control and the University of South Carolina's Arnold School of Public Health and our workgroups for assembling this information.

Patient Education

Recently, we began offering Patient Workshops in a variety of locations across the state. These workshops are designed for newly diagnosed and current cancer patients and their caregivers. Through these workshops, we aim to provide information on clinical trials, understanding treatment and survivorship care plans, tips on how to live a healthy lifestyle, and various ways to cope with cancer.

Professional Education

The Alliance offers a variety of professional education opportunities each year. Our workgroups form committees to design and implement our Evidence Academies. The Academies are designed to bring the most up-to-date screenings, treatment options, and survivorship issues to South Carolina's health care providers. Some of our upcoming Academies will address best practices in survivorship/clinical care issues, how to design a successful lung cancer screening program, and a variety of other topics.

Each Fall we host an Annual meeting which highlights all of our accomplishments of the previous year, as well as kicking off our upcoming initiatives. During this meeting we also receive an update on the state cancer plan, our funding opportunities, and updated cancer statistics from the South Carolina Central Cancer Registry.

93.3%

OF OUR TOTAL EXPENSES ARE
DEDICATED TO PROGRAM SERVICES

The Alliance relies on active involvement by individuals and organizations statewide to assess priorities and to develop, implement, and evaluate the success of our projects. The Alliance leadership, which includes our Board of Directors, cancer specific workgroups, and staff, provides a statewide infrastructure; however, only through the grassroots efforts of committed partners across the state will we achieve our goals.

HOW CAN I MAKE A DIFFERENCE ...

ONLINE GIVING

Donating online is a quick and easy way to support the South Carolina Cancer Alliance today. Your immediate impact enables the Alliance to continue to educate those impacted by cancer, giving them the best options to make educated decisions and reduce the burden of cancer in our state. At the South Carolina Cancer Alliance, we believe educating those impacted by cancer on their options is the best way to reduce the burden of cancer in our state. Help us support cancer patients in South Carolina by donating today where the need is greatest. With your donation, we are able to educate both professionals and cancer patients on their treatment options as well as how to fight cancer in our state.

HONORS & MEMORIALS

Making an honorarium or memorial gift to the South Carolina Cancer Alliance gives you the opportunity to honor or pay tribute to the memory of a loved one with a tax-deductible donation, while supporting the mission and vision of the Alliance. Knowing that your gift will help others is a source of comfort and inspiration, and will help educate those in South Carolina on cancer treatments and survivorship options. The many programs offered by the South Carolina Cancer Alliance provide education and insight into various types of cancer and advocate for early screening to help save lives. Your generous support ensures that the important work of the South Carolina cancer Alliance will bring us one step closer to beating the fight against cancer in our state.

EVENT SPONSORSHIP

Support the South Carolina Cancer Alliance and have a great time doing it! When you choose to sponsor an event, you'll feel good about assisting in the education of those in South Carolina and helping patients, caregivers, and health care providers understand the impact of cancer in our state.

YES! I WANT TO MAKE A DIFFERENCE
